*perfecting security integration since 1950*

**nfrastructure**

Solutions to help large enterprises design, build and operate mission-critical technology infrastructure

**Alliance Worldwide**  
INVESTIGATIVE GROUP, INC.

MITIGATING LOSSES THROUGH DUE-DILIGENCE <sup>SM</sup>

You are cordially Invited to the  
Upstate New York  
Multi Layer Security Seminar

During these times of increased security demands, Henry Bros. Electronics Inc., *nfrastructure technologies*, ., and Lenel Systems International have joined together for a unique presentation on how security integrates with your businesses network, physical plant and staffing. Protecting your assets (physical and Logical) is critical in today's environment and this informative seminar will assist in the day to day functions of risk migration.

*nfrastructure technologies*, Inc. will begin the seminar with a presentation on network security including a discussion on their approach to the design, building, and operations of a secured network environment. They will also discuss IP convergence as it relates to network and physical security.

Henry Bros. Electronics Inc. and Lenel Systems International will be providing a presentation on the value and benefits derived from converging security technologies based on a holistic approach. Topics for discussion will include Access Control, IP Video, Identity Management, Thermal Imaging Cameras, and Perimeter Detection.

Alliance Worldwide Investigative Group inc. will provide an in-depth discussion of the due-diligence based background investigations process and how security/risk managers can assist to ensure that proper and effective steps are taken to mitigate potential losses.

Whether your security concerns are network based, physical security, personnel based, or like in so many cases today, all of the above, let us help you find the solutions. This seminar is

E Pluribus Unum  
Out of many, one

beneficial to IT Departments, Security Departments, and Physical Plant, HR, CEO's or anyone involved in your companies' security requirements.

This exciting learning opportunity will be held on February 26, 2010 at the Holiday Inn Express, 400 Old Loudon Rd. Latham NY 12110 between 9:00 AM and Noon with a continental breakfast at 8:30 AM.

Space is limited for this unique educational opportunity and because there is no charge to attend, availability will go quickly, so please RSVP at your earliest convenience. To RSVP you can e-mail or call any of the following people;

Stephen Purificato, Henry Bros. Electronics Inc. [spurificato@hbe-inc.com](mailto:spurificato@hbe-inc.com) or 518-588-4919
